Workforce Education Program: Making tax easier for young people

Are you aged between 15 and 25? Do you know that we recently launched a youth-oriented view of our website?

Designed in consultation with young people, the view takes you straight to tax information that is relevant to younger taxpayers, including:

- how to get started in the tax system
- how to do a tax return
- how to get a tax file number
- what to do when you start a job
- how much tax you have to pay
- tertiary student support schemes
- what overseas students and backpackers need to know, and
- family tax essentials.

The information:

- is written in plain English so it's easy to understand
- is arranged so you can quickly find what you are looking for
- includes real-life examples that you can apply to your own circumstances
- provides links to more detailed information if you need it.

You can access this tax information 24-hours-a-day, 7-days-a-week – simply visit <http://www.ato.gov.au/youth/>
